

Many refugees arrive to the United States with little or no belongings, Your generous donation of household items is a great way to help a new neighbor create a home and rebuild their life in Houston.

How to Create a Welcome Kit

1. Choose the Kits you would like to create. If donating more than 5 kits, please contact us to find out what is the most urgent need.
2. Please purchase NEW items only. Tape the top of any liquid bottles so they do not spill.
3. Package all the items (*except the Backpack*) in a CLEAR plastic storage bin with a lid. 25-32qt. for Personal Care and Baby Kits and 70-80qt. for Cleaning kits.
4. Label the lid and short sides of the bin with the Welcome Kit name. Please do not tape the bin closed.
5. Contact Brenda at CWS to arrange for a pickup or drop off time at our offices.
